Subtitle C—Ethical Pathway for Pharmaceutical Products

SEC. 7201. ETHICAL PATHWAY FOR THE APPROVAL AND LICENSURE OF GENERIC PHARMACEUTICAL PRODUCTS.

(a) DEFINITIONS.—In this section—
(1) the term "abbreviated new drug application" means an abbreviated application for a new drug submitted under section 505(j) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(j));

(2) the term "Commissioner" means the Commissioner of Food and Drugs; and

(3) the term "Secretary" means the Secretary of Health and Human Services.

(b) ETHICAL PATHWAY.—As soon as practicable after the date of enactment of this Act, the Secretary, acting through the Commissioner, shall establish a mechanism by which the filer of an abbreviated new drug application for approval of a drug or an application for licensure of a biological product under section 351(k) of the Public Health Service Act may request a cost-sharing arrangement described in subsection (c). Such a filer may request such an arrangement if, but for the arrangement, such filer would be required to conduct clinical investigations involving human subjects that violate Article 20 of the Declaration of Helsinki on Ethical Principles for Medical Research Involving Human Subjects in order to obtain such approval or licensure from the Secretary.

(c) COST-SHARING ARRANGEMENT.—The cost-sharing arrangement described in this subsection is an arrangement in which—
(1) the filer of the abbreviated new drug applica-

tion or the application under section 351(k) of the
Public Health Service Act pays a fee to the Commis-

(2) notwithstanding any other provision of law,
the Commissioner provides such reports to such
filer;

(3) such filer may, notwithstanding any provi-
sion of chapter V of the Federal Food, Drug, and
Cosmetic Act (21 U.S.C. 351 et seq.) or of the Pub-
lic Health Service Act (42 U.S.C. 301 et seq.), rely
in such application on reports of investigations, con-
ducted by a holder of an approved application under
section 505(b) of the Federal Food, Drug, and Cos-
metic Act or a holder of a license under section
351(a) of the Public Health Service Act, which have
been made to show whether or not such drug or bio-
logical product is safe for use and whether such
drug or biological product is effective in use; and

(4) the Commissioner remits the amount of
such fee to the holder of the approved application
under such section 505(b) or of the license under
such section 351(a), as appropriate.
