To: "Winkler, Thomas" <thomas.winkler.tw3@roche.com>, annette.luther@roche.com, Arianna Schouten <arianna.schouten@keionline.org>

Dear Thomas.

The WIPO database lists no patents for South Africa for risdiplam. We did find a couple of older patent applications in South Africa on the RSA patent office web page, but don't know if the patent applications were abandoned.

We are negotiating with a South African API manufacturer for risdiplam. Can you tell me if Roche has patents on the API in South Africa?

Jamie
