South Africa patents on risdiplam

James Love <jamespackardlove@gmail.com>

Mon, Feb 26, 2024 at 10:25 AM

To: "Winkler, Thomas" <thomas.winkler.tw3@roche.com>, Arianna Schouten <arianna.schouten@keionline.org>

Thanks as usual for the prompt response.

You might want to let WIPO know that South Africa has a compound patent, since their database says there is no patent. (<https://www.wipo.int/patinfomed/>).

That said, KEI would like to obtain a royalty bearing license to use the Roche patents on risdiplam in South Africa. We have a manufacturer that is willing to make the drug for us.

Jamie
